

Cleanse for Life®

| Natural Rich Berry powder |

HALAL
CERTIFIED

Make a clean start every day.

Cleanse for Life helps your body naturally detoxify with antioxidants, botanicals and vital nutrients to enhance and improve your cleansing experience.

What should I know about Cleanse for Life?

Cleanse for Life helps give your body the nutrition it needs to cleanse itself naturally. It's designed to feed and nourish your body, unlike other "cleanses" that deplete your body with laxatives or diuretics. Cleanse for Life also helps the body better cope with stress and supports improved mental and physical performance and overall health.

Cleanse for Life contains powerful antioxidants like bilberry, blueberry and raspberry, which help protect your body from free radicals and support cardiovascular and brain health. Also contains pure Aloe vera inner-leaf gel, which promotes a strong immune system, as well as Ionic Alfalfa™, a proprietary alfalfa juice concentrate with a blend of trace minerals, which support the body's functions.

New, State-of-the-art manufacturing and extraction techniques—The potency of each rare ingredient has been improved with a new manufacturing and extraction process that pulls all of the phytochemical properties from the botanicals at the cellular level.

How can I benefit from drinking Cleanse for Life?

Cleanse for Life is a complex blend of ingredients that supports the body's cleansing process, while nourishing it with essential nutrients that help protect it from the cumulative damage of environmental toxins and oxidative stress. By using antioxidant botanicals, vitamins and minerals—you get the nutrients you need to live each day to the fullest.

Deep and daily cleansing supports your mental and physical performance, resistance to oxidative stress and overall digestive health.

Cleanse for Life Frequently Asked Questions

▶ HOW DOES CLEANSE FOR LIFE WORK?

Cleanse for Life is not a colon cleanse or laxative product. Cleanse for Life is different because it nourishes the liver and promotes whole-body cleansing on a cellular level. And, unlike other products on the market that may deplete the body of vital nutrients, Cleanse for Life actually nourishes the body as it cleanses.

▶ WHAT IS DIFFERENT ABOUT THE FORMULA?

New ingredients were added. Founder and Master Formulator John Anderson added an ingredient and increased another to enhance cleansing results naturally:

Turmeric (*curcuma longa*): Traditionally used as a digestive aid, turmeric has potent antioxidant activity, supports detoxification and helps protect against oxidative stress.

Burdock root (*arctium lappa*): Increased the burdock to help support liver health and the removal of accumulated waste products via the kidneys, skin and mucus membranes.

▶ DO I NEED BOTH EVERYDAY CLEANSING AND DEEP CLEANSING?

Nutritional Cleansing is equally effective when Cleanse for Life is used as both a daily and deep cleanse. Everyday cleansing aids the body as it naturally removes the impurities built up in your body. Deep tissue cleansing aids in the removal of contaminants that collect deep within the body over time. Deep cleansing has the ancillary benefit of promoting weight loss.

▶ HOW OFTEN SHOULD I USE CLEANSE FOR LIFE?

For everyday cleansing, use 1 packet in up to 4 ounces of liquid. A regular cleansing regime can help improve and maintain your overall health and vitality.
